MEMORANDUM FOR: Legislative Counsel

SUBJECT: H.R. 546. To provide a more equitable system for the settlement of appeals from adverse personnel actions in the classified civil service, and for other purposes

1. Subject bill would extend to non-veterans in the classified civil service the same kind of protection against adverse personnel actions as is now afforded to preference eligibles by the provisions of section 14 of the Veterans' Preference Act of 1944, as amended.

2. Since this bill in its present form would not apply to actions against employees in the excepted service, we see no need for any further action by your office. Because of the proposal's general nature and its broad application in the Federal civil service, we would be interested in any important developments in its consideration.
